# How to Join

Surf Life Saving is a community service organization where people from all walks of life can unite with a common goal - "to save lives".

### The different types of membership.

**Active Members** of the surf club are those (over 15 years of age) who are involved in patrolling the beach. Active Members must have completed specialized training (ie. Bronze Medallion) that ensures that lifesavers are proficient in reading and understanding the surf, rescue techniques, resuscitation, first aid, and can swim to a minimum standard. To find out more about training programs (including the Bronze Medallion) contact Kim Raynor on 0419 760 808.

**Associate Members** include those over 15 years of age who do not undertake an active role at the club (ie. social members) plus individual members (including Nippers 6-15 years) who are not part of a Family Membership.

**Family Membership** is ideal for those involved in our Nippers program. Family membership allows parents and children to take part in the fun surf and beach activities and the surf safety education. Family membership also ensures all family members are covered by insurance while taking part in approved club activities.

After joining the club you are able to use the facilities the club has to offer and represent the club in competition (subject to selection criteria).

All members are welcome to attend club meetings and to contribute to the running and development of the club. For meeting times contact the club's Administration Director – details in Contact Us section of the site.
